

Reprive

The Garden Leisure Reprive

With the reprive model pools, your back garden is turned into an outdoor living space that can be enjoyed all summer long. The beauty, strength and design are what make these pools stand out.

The use of subtle curves and smooth lines combined with a high quality "wood grain" give a bespoke finish.

The Reprive has a pool wall depth of 48" giving you ample room for fun and swimming freedom.

Another quality addition is the Krystal Kote coating applied to the top ledge and uprights for long lasting protection.

The Reprive offers

- Galvanised Steel Hardware
- One piece shaped 6" curved top rails to follow the radius shape of the pool, to compliment the pool
- Designed 4.55" galvanised uprights for maximum strength and stability
- Krystal Kote Corrosion protection for long lasting peace of mind
- We made the pool 48" tall to give you the most freedom
- Interlocking engineered stabilizer rails and joints with zinc coated hardware
- Beautiful Wood Grain frame colour
- Enhanced structural polymer components

All pools include:
Patterned Overlap Liner
Sand Filter, Pump and Media
Widemouth Skimmer
