

Miraclear Cubes

35g treats 60,000 litres for up to 30 days
70g treats 120,000 litres for up to 30 days

What are they?

Lo-Chlor Miraclear Cubes are the only cubes suitable for use in cartridge filters. They are unique, cube shaped, clarifying agents, produce outstanding water clarity and are suitable for use in both pools and spas.

Who needs them?

- Any pool owner who has a cloudy, unsightly pool.
- They are the ideal product for the pool owner who wants to add sparkle to a dull looking pool.
- Anyone who is looking for an economical and easy to use (just place one in a skimmer or pump basket) maintenance clarifier.
- Every serviceman should carry it in their vehicle. They will clarify clients' pools both quickly and efficiently with a minimum of effort. They can also be used on a regular basis as an integral part of ongoing maintenance programs.

What do they do?

- Miraclear Cubes will keep a pool sparkling for 30 days.
- Compatible with all known pool and spa treatments.
- Compatible with cartridge, D.E. or sand filters.
- Remove dissolved metals (iron, copper & manganese).
- They work by grouping together microscopic particles that normally pass through the filtration system.

What advantages do they have over other similar products?

- Non-toxic and fully bio-degradable.
- Hot water stable and the only cubes suitable for any type of filtration system (cartridge, D.E. or sand) which is a unique feature.
- Leave no messy residue.
