Wooden Pool Dimensions

HEAVY ITEM

When purchasing a Plastica wooden pool, you will be sure to find the help you need to build your product to a high standard.

If the wooden pool requires metal braces, you can pre order them to be delivered before the rest of the pool package you have chosen. This means you can build the recommended concrete base and position your metal braces, well before having your pool delivered. This can save you time and for smaller sites can save you working space.

The wooden structure does not require any further treatment.

On Premium Pools we recommend the use of decking oil to keep your hard wood top shelving in beautiful condition.

All pools are supplied with plan drawing laminates and a self- build installation manual.

For further technical information on Plastica Wooden Pools you can go to www.woodenpools.net. There you can find information such as Metal Brace positions, concrete base drawings, Installation Manuals and more.

	External		Internal			Concrete Base		
	Length	Width	Length	Width	Height	Length	Width	Thickness

Wooden Pool Accessories

- Switches pump on when the water falls below set temperature
- Supplied complete with temperature probe
- Digital display of temperature
- Low and high set point are adjustable (on/off)

Frost Stat

DISCOUNT/ PRODUCT CODE		DESCRIPTION
K	DHG-2	Frost Protection Thermostat Controller

- Compact design with wired remote time clock for small plant room
- Suitable for 0.75hp to 1hp pumps as standard
- Option to supply circuit breaker for pumps up to 3hp
- Built-in 100w 12v transformer for LED lights

Control Panel

DISCOUNT/ PRODUCT CODE		DESCRIPTION
K	PI31014LTEID	Control Panel (filtration + 100w transformer)

Note: When using Mini Chroma RGBW you will require a BRIO-RC instead of the BRIO100-RC supplied in the light kit.

NB: Panel should be mounted inside

Circuit Breakers

DISCOUNT/ PRODUCT CODE		DESCRIPTION
K	GZ1M07	1.6 - 2.5amp (0.33hp = 2.2amp)
K	GZ1M08	2.5 - 4amp (0.50hp = 3.12amp)
K	GZ1M14	6 - 10amp (1.5hp = 7.6amp)
K	GZ1M16	9 - 14amp (2hp = 10.4amp)

The above circuit breakers are to replace the standard units supplied with PI31014LTEID and PI310ID Control Panels. The adjustable dial must be set to the correct amp setting, in correspondence with the pumps registration plate.

- Compact design
- No need for conduit or deck box

Mini Chroma Niche

DISCOUNT/ PRODUCT CODE		DESCRIPTION
K	PF10R192	Mini Chroma Niche for c/w backnut
